

Professor Sko Discovery Sheet

S1:E2 - "The Nest of Nails"

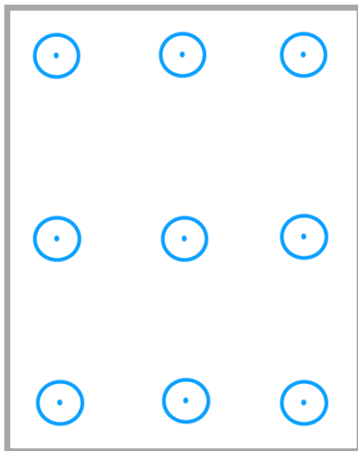

QUESTION

_____ is the amount of force divided by area.

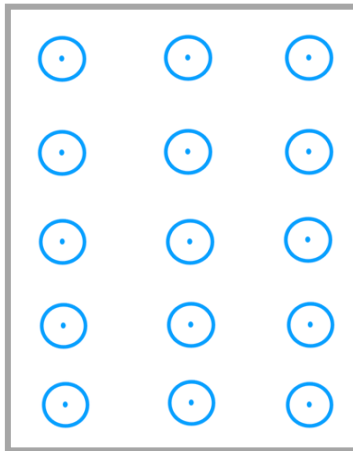

ACTIVITY

Think about doing the Nest of Nails experiment with thumbtacks and a balloon. Circle the diagram showing how you should arrange the thumbtacks so they are least likely to pop the balloon.

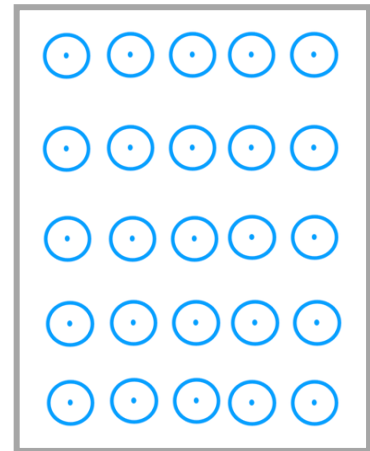

A.

B.

C.

THOUGHT EXPERIMENT

Using this same principle, do you think a person could walk on raw eggs without breaking any shells? Why or why not?
